

OUR CRISIS IS THAT THE BEST OF MINDS
DO NOT TAKE UP SCIENCE, AND THOSE WHO DO,
DO NOT REMAIN IN SCIENCE ~DR.MANMOHAN SINGH

MALHOTRA
WeikField
FOUNDATION

FOUNDERS' MESSAGE

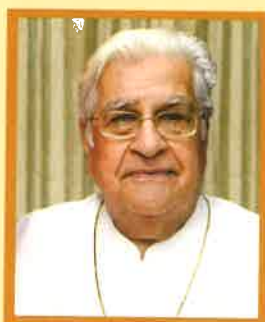

Late S. P. Malhotra
Founder Chairman
(1927-2013)

Science and Technology are some of the key elements and prerequisites for the progress, development and prosperity of any nation.

Keeping this aim in view, we at Malhotra Weikfield Foundation have the privilege of setting up full scholarships for meritorious students who are from underprivileged backgrounds in rural

Maharashtra. We aim to help them achieve academic excellence in the fields of pure science and technology.

Ours is a humble step towards our goal and desire to see future noble laureates emerging within our nation, and for our youth to take India to its well-deserved leadership status as innovators in science and technology.

Late B.R. Malhotra
Founder Chairman
(1933-2021)

We established the Malhotra Weikfield Foundation with the specific goal of contributing towards the promotion of education in pure sciences.

Dr. R. A. Mashelkar, the great scientific mind of our nation, humbly stated that had it not been for the scholarship and mentorship that he received from the Tata Foundation, he would never have completed his higher studies. It was he who sowed the seed of inspiration for

our foundation so that we could go on to help meritorious students, from disadvantaged financial backgrounds to achieve their academic aspirations.

We are extremely grateful to the eminent members of our Advisory board, like Dr. Mashelkar, Dr. Mujumdar and many other eminent personalities who are with us to assist, advise and motivate us in this pioneering project.

We are gratified to see the scholarship recipients grow from strength to strength in their endeavours towards excellence.

ABOUT FOUNDATION

The Programme provides full scholarships to over 125 students per year for Under Graduate (B.Sc.) and Post Graduate (M.Sc.) studies, for students of high merit, especially from the rural areas of Maharashtra, who lack the financial ability to carry on studies in these fields. In view of the socio-cultural context, where financially challenged families neglect higher education of girl students, the Malhotra WeikFIELD Foundation Scholarship programme gives a strong preference to female students wishing to pursue higher studies in Pure Sciences.

Female / Male
gender ratio is
2:1

2:1 Student /
Mentor Ratio for
personal guidance
& support

Monthly / Quarterly
workshops held for
imparting soft skills

Arrangement for
internships at NCL,
IISER, etc.

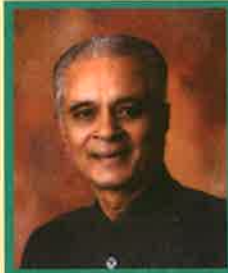

Financial support
to Alumni for
pursuing PG & PhD
studies

Vice President

Mrs. Priti Malhotra
Managing Trustee

Mrs. Smriti Malhotra
Trustee

Mrs. Avanti Malhotra Rai
Trustee

THE MALHOTRA WEIKFIELD FOUNDATION SCHOLARSHIP AWARDS

"The Malhotra Weikfield Foundation Scholarships are awarded to students, primarily from the rural regions of Maharashtra; who are seriously interested in pursuing careers in Pure Sciences, viz, Physics, Chemistry, Mathematics, Life Sciences and Nano Sciences. They should be enrolled either in B.Sc. or M.Sc. programmes.

The students are selected based on a combination of criteria, including academic performance, socio-economic background, gender, communication skills and socially relevant extra-curricular activities. The eligibility for selection is based on an on-line test and Formal interviews where the candidates are assessed on the above criteria.

The continuation of the Scholarship Award is subject to the students following all instructions, attending the workshops and their interactions with the Foundation and their respective Mentors".

Other than Graduate and Post-Graduate Science Scholarships, the Foundation also contributes to several other activities, such as:

- Scholarships for Management and Law students at Symbiosis.
- Scholarships for Nanotechnology at Bangalore.
- Scholarships to 500 school children from CES Chaitanya English Medium School and Junior College, Pune
- Central Food Technological Research Institute (CFTRI) Food Technology Scholarships
- Mukangan Exploratory Science Centre, Pune
- Set up of 2 Bakery Training Institutes under the Hotel Management & Catering Institute, Pune and Camp Education Society's Hotel Management College.
- In partnership with Janaseva Foundation, the Foundation has funded construction of about 1200 toilets in rural schools and villages under the "Swachh Bharat Abhiyaan" scheme through Rotary International
- The Foundation is also involved in essential humanitarian services by providing food and feeding about 2000 needy and hungry people every day, under the "Food for Life, Combat Hunger" scheme through Annamrita Foundation (part of ISKCON).
- Indo Swiss Center of Excellence, Pune (ISCEP): The Foundation has contributed the major seed investment in cash and land to set up ISCEP, a skill development institution to impart the "Skills of Tomorrow" in the field of Manufacturing and Agriculture at Koregaon Bhima, Pune.

Candidates wishing to avail of this Scholarship may visit www.malhotraweikfieldfoundation.in and carefully read and understand the Terms and Conditions of the Malhotra Weikfield Foundation Scholarships.
